

## SECOND DAY SESSION OF THE W. C. T. U.

Day Was Devoted to Regular  
Proceedings of the Body.

### THE PRESIDENT'S ADDRESS

Was Full of Interest, and Was Listened to With Eagerness by Those Assembled—The Program Wednesday Night Was a Fine One.

The W. C. T. U. convention assembled at the Auditorium at the appointed hour Wednesday morning.

The meeting opened with the doxology, followed by responsive reading of Psalm 146, after which the crusade hymn was sung.

Preceding the roll call Mrs. W. V. Knott of Tallahassee offered a fervent prayer.

The appointments of committees was next in order, and was followed by the report of the Executive Committee.

Next in order was the President's address, and she spoke in part as follows: "The work of the W. C. T. U. in Florida during the 28 years of its life has been one continued struggle. At first, for very existence; later, to establish anything like system in its department work, and hold a reasonable number of workers to the Union. So I come to you today, proud because the bearer of the glad message that the year just past was no less a struggle, but was also a victory.

"We have a right to rejoice over a gain in numbers, increased efficiency of departments, greater respect for our organization throughout the State; largest practical results.

"When I saw Mrs. Stevens and Miss Gordon at the station in Chicago, as we were starting for the National Convention at Los Angeles, their greeting was: 'Congratulations, Florida!' That greeting I pass on to you today: 'Congratulations, Florida!'—you, faithful presidents; you, earnest superintendents; you, plain, everyday members, without title or position. To you the praise belongs, for from your efforts came the victory.

"Their words of cheer were because of reported gains in numbers. Mine to you are because of the persistent, hopeful, devoted service on your part that secured for us the honor of a part in jubilee heights at the National Convention. I hope you read the reports in The Union Signal of the convention; then you can understand something of my joy in representing you there. The States that gain 500 new members have not only honorable mention, but the distinction of being termed 'Jubilee States,' to whom is committed the program for the closing night, and their delegates may say all the good and great things of them that they can crowd into the ten minutes allotted.

"Florida, from 570 members, October, 1904, passed to 1,077, October, 1905, a gain of 507 members, and that was the meaning of the congratulations of our National officers and the unusual joy of our delegation."

The address was of interest throughout, the speaker giving much encouragement all along, and closed with the remark: "This is the day of our opportunity. The way is open, the people are ready. Is your heart and your hand obedient to the call? Then the Master's 'well done' will be your reward."

After a song the reports of the District presidents were read. Then followed the introduction of new members and visitors.

The meeting closed with the hour of devotion.

### Wednesday Afternoon.

The afternoon session opened at 2 o'clock with devotional exercises.

Then followed the reports of officers, which were very satisfactory and complete.

During the symposium some very excellent papers were read on the subjects: "Health and Heredity," "Medical Temperance," and a fine paper on "Scientific Temperance Instruction," by Mrs. Dean of Deland.

The reception at the residence of Mayor Thomas was a most delightful occasion, and there was a most happy gathering. The handsome residence was in holiday attire for the event, ice cream, cake and lemonade were served the guests, and the venerable violinist, Prof. Clark, furnished music of the olden time.

### Wednesday Evening.

The principal event for the evening was the address by Mrs. M. N. Newington, National Lecturer, who gave a

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

"It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

very brilliant talk, and was heartily applauded.

A duet, "Where Is My Wondering Boy?" was sung by Mesdames Maretta E. Brooks and Elizabeth Smith. They were heartily applauded, and the song was touchingly rendered.

Then followed the banner presentations. Lake City won a banner for having the most working departments, Euclid for the banner district, Fort Myers for largest gain, DeLand for the most work.

Mrs. Elizabeth Smith and W. W. Ashley sang a duet, Miss Myrtle Fennell, accompanist.

During the taking of a collection Little Miss Eloise Douglass favored the audience with a very difficult piano solo.

After singing the "Florida State Song," and a few remarks by the president, the audience was dismissed with the Lord's prayer.

### A BANK FOR NEWBERRY.

Buck Ellington of Georgia Will be Cashier—Will Open for Business Soon.

Newberry, April 11.—Buck Ellington of Georgia has been selected as cashier of the Bank of Newberry, and he arrived in the city Sunday. Monday morning a meeting of the board of directors was called, and at this meeting the necessary papers were signed, and publication of notice for charter will appear this week, and the bank will be open for business on May 12th.

The fixtures and stationery for the new bank has been ordered, and everything will be up-to-date in every respect.

### Urip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a double dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." Sold by all druggists.

### Justice Colman's Court.

Eugene Bell, a colored man who has been working about the city for the past few months, was arraigned in Justice Colman's court Wednesday upon a charge of petit larceny, the charge having been made by J. A. Manning. The defendant when arraigned pleaded guilty, whereupon the court sentenced him to pay a fine of \$10 and costs, or spend sixty days in jail. In default of the fine, Bell will be compelled to serve the county for the next two months.

## THE GUARDS' INSPECTION.

Adjutant-General Foster and Other Officers Were Here Yesterday.

Adjutant-General J. C. R. Foster of the Florida State Troops, accompanied by Major John A. Dapray of the United States Army, who has been detailed for the service, Col. I. E. Webster, retired, Lieutenant-Colonel C. M. Bingham of the Second Regiment and Adjutant Blanding of the Second Regiment, inspected the Gainesville Guards, Company H, Second Infantry, last night.

The inspecting officers were well pleased with the general deportment of the company, which they declared to be up to the standard in the State Troops at this time.

Adjutant-General Foster, who is on a tour of inspection of the State Troops, stated yesterday that, as a rule, he had found the various companies, with two exceptions, above the average, as regards both membership and efficiency. Of the two companies which have proven short, one was on account of lack of membership and the other for inefficiency. "I am gratified to state that as a rule I find the companies so far inspected in good condition," General Foster remarked, "and for that I feel very proud, as I naturally take a great interest in the State Troops, where I received the most of my military education. I love the State Troops, and I want to see them prosper."

General Foster and Major Dapray expect to make their departure this morning for Fernandina.

### A PROMINENT VISITOR.

A Veteran of the Indian War Spending a Few Days in Gainesville.

Among the visitors to Gainesville is A. P. Canova of Lakeland, who is here as a guest of friends.

Mr. Canova is one of the pioneers of Florida, and one of the few survivors of the Seminole Indian War. He is the author of a very interesting history of the Indian War in Florida, which contains some personal experiences of the hardships of that mighty campaign. The book, when first issued several years ago, had a large circulation, and was very popular.

Mr. Canova moved from Palatka to Gainesville, and about four years ago removed to Lakeland, where he has since resided. While here he is a guest of his friend, E. O. McMahan, East Arlington street.

### HEALTH IS YOUTH.

Disease and Sickness Bring Old Age.

Herbine, taken every morning before breakfast, will keep you in robust health; fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaints. It purifies the blood and clears the complexion. Mrs. D. W. Smith, Whitney, Texas, writes April 8, 1902: "I have used Herbine, and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c. Sold by W. M. Johnson.

### Island Grove Notes.

Island Grove, April 11.—Mrs. Ruth Moore of Tampa spent Saturday and Sunday here with friends and relatives.

We are glad to note that B. T. Cason, who has been sick during the past week, is rapidly improving.

Rev. York filled the pulpit at the Baptist church last Sunday.

Our school will close with a picnic at the school house on April 20th. All are invited.

T. Z. Cason, who is attending the University of Florida, returned to Lake City Monday.

### The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. McCollum & Co.

# SKIN DISEASES

## FIERY ACIDS IN THE BLOOD

All skin diseases are due to the same cause—an excess of acid in the blood caused by faulty assimilation of food and poor bowel action; this fiery acid matter is forced to the surface through the pores and glands, causing intense itching. When the crusts or scabs are scratched off the skin is left raw and bleeding.

Sometimes skin diseases are in the dry form, and bran-like scales come on the flesh, or the skin becomes hard and dry, often cracking, and the painful itching causes acute suffering. It does not matter how the trouble is manifested, the cause is the same—an excess of acid in the blood. Salves, powders, cooling washes, etc., while they relieve the itching and give the sufferer temporary comfort, cannot cure the trouble because they do not reach the acid laden blood. The best treatment for all skin diseases is S. S. S., a remedy that is purely vegetable and one which acts directly on the blood with a cleansing, healing effect. S. S. S. neutralizes the acids, and purifies the blood so that the skin instead of being blistered and burned by the fiery fluids, is nourished by a supply of cooling, healthy blood. Special book on Skin Diseases and any medical advice desired will be furnished without charge.

**S.S.S.**  
PURELY VEGETABLE.  
THE SWIFT SPECIFIC CO., ATLANTA, GA.

## THE ALACHUA COUNTY ABSTRACT CO., Inc.

ESTABLISHED 1888.

The question of Title the first consideration for the investor.

## Good Blood

Good blood, good health; bad blood, bad health; there you have it. Why not help nature just a little and change the bad to the good? Bad blood to good blood; poor blood to rich blood! Ask your doctor how this applies to Ayer's Sarsaparilla, and how it applies to you! Could anything be more certain? We have no equal! We are the only blood purifier that will cure all the blood diseases.
